

20mm Flow Switch

Quick Insert and Removal Liquid Flow Detector

When installed in a Tee	Flow rate to activate
25 x 25 x 20 mm	11.5 lit / m
32 x 32 x 20 mm	19 lit / m
40 x 40 x 20 mm	26.5 lit / m
50 x 50 x 20 mm	30 lit / m

INDUSTRIAL APPLICATIONS:

Prevent costly damage to pumps, heaters, chlorinators and other flow-dependent equipment:

- ✓ Threads to a Faucet 'T'
- ✓ Waterproof electrical connection
- ✓ Lightweight
- ✓ Signals *Flow* or *No Flow* of any Liquid
- ✓ Hermetically sealed reed switch
- ✓ Available in N/O or N/C
- ✓ PVC Construction for Liquid Temps to 50° C
- ✓ Economical
- ✓ Easily Removed For - Cleaning
 - Inspection
 - Replacement

POOLS & SPAS:

Guard against costly damage to pumps, heaters, chlorinators and other flow-dependent equipment:

- ✓ Low Water Level at Skimmer
- ✓ Improper Valve Positioning
- ✓ Clogged Filters or Inlets
- ✓ Air & Water Leaks
- ✓ Heater Damage
- ✓ Economical
- ✓ Easily Removed For - Cleaning
 - Inspection
 - Replacement
